Death of Mrs. A. Sturgeon

It was with deep regret and surprise that this community heard the news of the death of Mrs. A. Sturgeon, Death, which was due to primary anemia, took place at the Sturgeon Bros. farm, at Sharrow, Monday at 7 a.m. Deceased was in her 29th year and leaves two baby children. Pending the arrival of relatives, the funeral was held over until today, taking place at 10:30 this morning.

We are informed that Sunday's rain was in the nature of a cloudburst at Estuary, the streets being literally flooded with water.

Sunday School Picnic

The annual picnic of the Union Sunday School, held on Monday, was well attended considering the unfavorable state of the weather. The usual children's sports took place while the members of the gun club spent an hour in trap shooting. Two ball games were played, one by the ladies in the afternoon and one by the Fats and Slats in the evening, both of which furnished a good deal of amusement. The response to the request of the village council for the closing of business was quite general and the officers of the Sunday School are desirous of thanking all those who so readily responded and thereby contributed to the success of the picnic.

Mayfield Picnic

A good crowd gathered at the picnic at Mayfield on Thursday last, and both town and countryside were well represented. The weather was of the picnic brand and everyone was out for an enjoyable time. Baseball held the attention of the people throughout the greater part of the day. The sporting events were run off without interruption and there were no dull moments. A concert by local and town talent was given in the evening, the day's pleasures being finally concluded by a dance which continued until the early hours of next morning. The picnic must have been a gratifying success to the promoters and a pleasant day for all who attended.

In the baseball contest Empress defeated Lloyd George in a good game and Mayfield was too strong for Empress View. The final game, after supper, between Mayfield and Empress was productive of much excitement and scarpiness. In the first innings Mayfield indulged in some heavy batting securing a lead of eight runs. Ed. McCane then relieved L. Pullin in the box for Empress and Mayfield experienced a decided slow-up. Ed. held the Empress team together and the boys made a splendid uphill fight, the score for the seven innings being 11-7 in favor of Mayfield.

The Mayfield team includes

Resigns Civic

Secretaryships

News that will occasion much surprise to many of our citizens, is the resignation of Mr. R. M. Henderson, from the village and school secretaryships. Mr. Henderson's service has been a lengthy one, spanning six years in the service of the village and almost six in the service of the school. His work has been during a period of strenuous financing, and the present position of our town is one to be proud of. While many villages, towns and cities are badly encumbered with debt, our slate is practically clean, although we all grumble when we receive our tax notices, the fact remains that our taxes are not so high as they are in many towns. The man who holds a public office is always a subject of much criticism, but we believe Mr. Henderson's work in the service of our town to have been most creditable and will be acknowledged as such by all fair-minded and unprejudiced citizens. His resignation is a matter to be deplored.

In company with Mr. Henderson's resignation is the news of the resignation of Mr. D. McEachern from the Council Board. It is reported that Mr. McEachern's resignation is in order to make application for the secretaryships.

At a special meeting of the Council and School Board, held on Tuesday evening, the boards decided to combine the two secretaryships. A wage mark 1500.00 per annum, inclusive of light and heat, etc.; exclusive, 1800.00 per annum was set. Just what procedure is to be adopted in the matter of receiving applications is not known by us at present.

Dr. MacCharles has been appointed medical practitioner by the C.P.R. in charge of their branch to Bursell.

Many good players and the team will develop much strength with practice. The game was keenly contested and responsible for some good plays.

GUN CLUB

Regular weekly trap shoot held at the Gun Club Grounds, 3 p.m., July 12. Civic last holiday and Sunday School picnic. Nineteen shooters were present. M. A. Blodgett was high gun with a score of 18 out of a possible 25 birds.

EXTRA STEPS MEAN DOLLARS SAVED

Canada And Its Future

With the celebration of Dominion Day, Canada completed the fifty-third year of Confederation and was launched out on another year of effort and, it is to be hoped, large national achievement. Judging by some standards the growth and development of Canada during the first half century since Confederation became an accomplished fact, as has been slow; measured by other standards it has been rapid. In all material respects it has been solid and the foundations laid permanent and good.

Those who incline to the view that our growth has been too slow, and who point to the difficulty of obtaining immigration, and even of retaining native born Canadians at home, resulting in a present population of but little more than the 10,000,000 of people, should not overlook the fact that geographically this country is so located and divided that it did not lend itself to great growth in population in the earlier years. Great natural barriers had to be overcome, and enormous expenditure of money in order to lay the foundations upon which to rear a nation. Much of this work has now been accomplished, and the next fifty years should see developments which will place this country in the front rank of the world's great commonwealths.

Even as recently as fifteen years ago, the great Provinces of Saskatchewan and Alberta, with their present population of approximately 1,500,000 had not been organized, while Manitoba was still in a pioneer state of development, and the possibilities of British Columbia were but dimly guessed at. Fifteen years may be quite a span in a man's life, but it is but as a fleeting minute in the history of a nation, and the 2,500,000 people now living in the Great Lakes gives promise of a wonderful future.

Since Confederation, Canada has accomplished some amazing things in a material sense. Always a great agricultural country, it has become a great manufacturing country, an important financial country, and now it is undoubtedly on the eve of a truly remarkable development of its enormous wealth of natural resources, a development which is to be made possible because of the growing needs of the world for these things which Canada can supply, and the fact that this country now enjoys the financial means to carry on such development.

With its great railway systems, the development of its waterways, the creation of a really creditable and rapidly growing merchant marine, and strong financial institutions, all that Canada now requires to make good the prophecy "the twentieth century belongs to Canada" is more people to engage in productive enterprises, and the cultivation of a truly national spirit which will forever lay at rest the old and bitter racial and religious antagonisms which have so often retarded our growth and divided our people into hostile camps.

While in some respects the Great War served to re-awaken these old antagonisms and create new divisions, Canada's splendid participation in the great world struggle for freedom has also served to arouse a real national spirit. Canada found itself a new life, covered its soul in that bitter struggle. The nations of the world also discovered Canada. The bitter and narrow political partisanship of the

mer years has been destroyed, and Canadians are now determined to make use of their material strength and resources to develop those other things which make for the health, happiness, contentment and uplift of the whole nation, and the people who themselves constitute the nation.

Canada has entered upon its fifty-fourth year with a minimum of industrial unrest prevailing in its midst, and with the brightest of prospects for a bountiful yield from its fertile fields. It has succeeded in passing through the first two years of the so-called reconstruction period safely and with enhanced credit; its army of returning soldiers have been rehabilitated in civilian life; its trade and commerce is expanding; most important of all its people are more deeply interested than ever before in raising the standard of education, of creating better health conditions, of lifting the political life of the country on to a higher plane.

Canada has great opportunities and a great future before it. But it calls for the best in every individual Canadian to realize these things in their fulness. They demand a broad spirit of tolerance, a sympathetic appreciation of the rights and opinions of others, and hard work along productive lines by all. If such a spirit prevails, and is intensively cultivated, Canada is on the highroad to true greatness and abounding prosperity.

Tried Them and Now Is Satisfied

MADAM LANDRY TELLS WHAT DODD'S KIDNEY PILLS DID FOR HER

New Brunswick Lady Who Had Tried Other Medicines Claimed She Found the Remedy She Was Looking For in Dodd's Kidney Pills. St. Leon, N.B. June 28th (Special).—Among the many women who claim that their health is due to Dodd's Kidney Pills, none is more enthusiastic than Mrs. Madam Landry, a highly esteemed resident here. "It is with great pleasure that I recommend Dodd's Kidney Pills," Madam Landry says. "I was ill for a long time and nothing I took relieved me. I read often of the good Dodd's Kidney Pills did for others, but I had not much faith in them. At last, after having tried a lot of other medicines, I decided to give Dodd's Kidney Pills a trial. The result has brought me perfect health. If those who suffer from kidney disease will use Dodd's Kidney Pills, they will find them good and soon be convinced as I have been, that they are the remedy for kidney disease. Dodd's Kidney Pills are no faith cure. You don't have to believe in them, and then the relief comes looking for. But if you ask your nearest physician, he will tell you of his own experiences of the work Dodd's Kidney Pills have done."

Mrs. Thrift—Remember that there must be no extravagance while I am away. Servant—Yes'm.

Mrs. Thrift—And be sure to take off Bobby's glasses when he's not looking at anything.

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother's Remedy. I tested it, and it is the remedy of the kind that can be had.

Lamps wicks which will last a year are made of asbestos balled in wax.

It is easier to dodge responsibility than it is to dodge the result.

Food For A July Morning

—and every morning when the thought of health enters into the meal time preparation—

Grape-Nuts

This easily digested food needs no sugar, yet it has a most pleasing nutty flavor, and is full of the sound goodness of wheat and malted barley.

"There's a Reason"

Manitoba Testing Wireless Telephone

Probable That Government Will Assume Control Over This Communication

Experiments conducted at the request of the Manitoba government with wireless telephone apparatus between Winnipeg and Portage La Prairie, 80 miles away, have been successfully concluded and a second step in the experiments is about to be taken, when conversations will be taken up between Winnipeg and Portage La Prairie, a distance of nearly 400 miles. The experiments are being taken with a view to testing out a proposed system of wireless to be installed in northern Manitoba.

Mining districts and far-marketing centers are far scattered and sparsely settled. Land wires are costly to install and to maintain owing to falling prices in the bush country. It is proposed to establish some dozen stations at central points in as many districts of the northland, and these will be given communication with the outside by a station of larger power at The Pas, which will work with another similar station at Swan River, 250 miles south of the former place, and in the well settled portion of the province.

The wireless telephone proves successful it is probable that the Manitoba government will assume control over this form of communication, just as it has the telephones, and that the wireless will be incorporated in the government telephone system. It may then for Manitoba be able to give service to many isolated points, notably in mining sections of Lake Winnipeg which cannot now be reached by land transport.

Minard's Liniment Relieves Distemper.

For Farm Relief

Premier Martin Tells of Work Done In Saskatchewan

The government of Saskatchewan spent \$3,000,000 during the past winter on relief work in the province, and Western portions of the province, where there were almost total crop failures last year. This statement was made by Premier W. M. Martin, speaking at the banquet of the Saskatchewan Retail Merchants' Association at Moose Jaw.

The Premier stated that there was every cause for optimism as to the crop prospects this year. He had visited every part of the areas that had a poor crop a year ago, during the past month, and everywhere he went he found that people were very hopeful as to the outlook. "If, however, we should not get a good crop, I do not know what will be the outcome," said the Premier, adding that that was all that was good to put business where it should be and to place the farmers on their feet.

In the course of an outline of the resources of the province, the Premier stated that he thought that Northern Saskatchewan in the days to come would produce greater wealth than the Southern parts, where development has hitherto been confined. That was because the north, with its greater amount of shelter and water, was more adapted for mixed farming.

Credit for Manitoba Farmers

Total Loans to Date Amount to \$840,000 on Short Terms

Eight new rural credit societies operating under provincial laws, providing machinery by which the farmers may co-operate for the purpose of securing money at a comparatively low rate of interest for purposes of making improvements on their farms, is the record for June so far. This brings into operations in Manitoba 66 of these societies, and of this number 33 are actually loaning money. The total loans to date under the Rural Credits act amount to \$840,000 on short terms. Membership in the societies is limited to 100, but in several instances this number has been exceeded and in the Duck Lake district and at Swan River additional societies had to be formed. They provide loans to farmers at rates lower than those obtainable at the chartered banks.

"I don't see why you sick to Dr. Torpore," church," chattered Mrs. Phipps. "He's such a poky old preacher."

"He's just that," agreed her friend, Mrs. Fortysome, but then, you know, the light from that rose window shines right over my pew and makes me look not more than 20 years old."

The number of marriages in Great Britain every year is about 335,500.

Manitoba Gardens Well Advanced

Garden at Brandon Shows Evidence of the Favorable Season

Although it is only a few weeks since plants could be put out in the open, Mr. Edward Crawford, of Brandon, Manitoba, has tomato plants in his garden that have tomatoes on them as big as marbles. Everything was grown from seed, the tomato plants were started in the greenhouse about March 10th, and transplanted to a hot bed April 1st, and later put in the garden. Potatoes have been in flower in this garden for a week or more and cucumbers, which are always grown in the hot bed, are also in blossom. Mr. Crawford is using his second crop of radishes, spinach, cress, lettuce and onions and has celery, corn, squash, carrots, beets and many other vegetables well advanced.

A silent, keyless clock, which contains only four wheels and no springs is a late invention.

A Wonderful Discovery Cures Catarrh Permanently

Formerly doctors prescribed stomach treatment for Catarrh and Bronchitis. They seldom cured and Catarrh has become a national disease. To-day the advanced physician fights Catarrh by medicaments. He sells the lungs, nose and throat with the antiseptic vapor of Catarrh. It is easy then for Catarrh to be cured by medicaments. It contains the essences of pure pine needles, reaches all the germs and destroys the disease. Every case of Catarrh, Bronchitis and Sore Throat can be cured by Catarrh. The dollar outfit lasts two months and is sufficient to cure most cases. Retail price 25c, all dealers or Catarrh-son Co., Kingston, Ont.

Ought to Have Own Navy

Hero of Kut so Advises Canada in Address

"If you had started twenty years ago you would have had a respectable navy today." These were the significant words of Major-General Sir Charles Townshend, the hero of Kut, in a short address before delegates to the Dominion Council of the Navy League. He further expressed the opinion that the time has arrived when Canada should have her own fleet of ships as an instrument of self-protection and an aid to the Empire in time of war.

In an expedition, he declared, that the Dominion of Canada should maintain her own navy. "The whole crux of the situation in Canada today is that we should create a fleet of her own," he said.

It is far easier to coax a poor performer to do a little to please than it is to chase him away from it.

HEALTHY CHILDREN ARE HAPPY CHILDREN

The well child is always a happy child—it is a baby's nature to be happy and contented. Mothers, if your little ones are cross and peevish and cry a great deal they are not well babies. Such a medicine is Baby's Own Tablets. They are a mild but thorough laxative which regulate the bowels, sweeten the stomach, and thus drive out constipation, colic, indigestion, break up colds, soothe fevers and make the baby healthy and happy. Concerning Baby's Own Tablets, Hamel, Pierre, Que., writes: "Baby's Own Tablets are the best medicine I know of for little ones. They relieved my little girl from constipation when nothing else would and I can strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

It is claimed that one of the new emergency brakes for automobiles can be applied with the pressure of a finger.

The summer girl can't appear on the stage of action any too soon.

Asthma Victims. The man or woman subject to asthma is in a bad way. What can he do to get relief? He is suddenly seized with paroxysms of choking which seem to fairly threaten the existence of life itself. From such a condition Dr. J. D. Kellogg's Asthma Remedy has brought many to completely restored health and happiness. It is known by its success in every section of this broad land.

Many a man who has his price given himself away.

HAVE YOU ASTHMA?

Do you endure the misery of asthma with its shortness of breath, its nervousness, its loss of strength? Do you suffer from colds, coughs, and other ailments? If so, you are sure to be cured by the use of Templeton's RAZ-MAH CAPSULES.

TEMPLETON'S RAZ-MAH CAPSULES. This preparation is the result of the most scientific study. It is a powerful remedy for the cure of asthma, colds, coughs, and other ailments. It is sold by all druggists for \$1.00 a box.

TEMPLETON'S RHEUMATIC CAPSULES

For green years the standard specific for Rheumatism, Neuritis, Gout, Sciatica, Lumbago, Neuralgia. Many doctors prescribe this.

Price 10c per box. Sold by all druggists.

Visit Experimental Farms

Extensions to Experimental Farms in Saskatchewan Are Planned

A series of excursions to the experimental farms at Scott, Indian Head and Rosedale, the forestry station at Indian Head, and the college of agriculture at Saskatoon, is being arranged by the provincial superintendents of the various farms. The purpose of these excursions is to enable the people of the province to familiarize themselves with the extent to which these farms contribute to the agricultural development of the province.

The experimental farm at Scott will keep "open house" for all comers, as follows July 6, for residents in the territory north of Township 39 and west of range 20; July 7, for residents in the territory south of township 40 and east of range 21. The farm at Indian Head and the forestry station will open their doors on July 15 to residents north of the Qu'Appelle Valley and west of range 12; and the farm at Rosedale will be at home to visitors on July 19, 20 and 21. The date for the excursions to the agricultural college in Saskatoon has not been fixed yet.

Repatriate War Prisoners

Dr. F. Nansen, the Norwegian statesman and arctic explorer who is representing the allies in the repatriation of prisoners from Russia and Siberia, has reached an agreement with the international Red Cross and will leave for Russia by way of Berlin with a committee of Red Cross workers. Dr. Nansen will attempt to repatriate thousands of prisoners, including some Americans, before the severity of the Siberian winter sets in.

If it was not for their famous wives no man would never be heard of.

\$45,000,000 to be Distributed on Participation Certificates

Winnipeg, July 12—The Winnipeg Telegram says—

"Forty-five million dollars is to be distributed throughout Western Canada immediately as payment on the participation certificates of the Canada Wheat Board, making an advance of \$15,000,000 over the amount of the initial payment intimated at a recent meeting of the board.

"Following a private meeting of the board in Winnipeg which

terminated yesterday afternoon it was learned unofficially that arrangements were being made for payment of 30 cents per bushel on the certificates, which will mean the distribution of \$45,000,000.

"A short time ago the board announced that the first payment would be fifty per cent. It could not be ascertained today whether a definite price had been fixed or if the redemption value of the certificates would be much in excess of the amount originally announced, namely, 40 cents a bushel.

According to an amendment to the Post Office Act passed during the recent session of Parliament the Registration Fee on letters and other matter mailed in Canada is fixed at ten (10c) cents per each letter or article.

The above fee shall apply to all registered mail matter posted in Canada on and after the 15th July, 1929.

The public are advised in

6 per cent.
Interest

The Province of Alberta Offers

GOLD BONDS

¶ To those desiring a safe investment at a high rate of interest, a new bond issue, paying 6 p.c. interest.

¶ These are ten-year Gold Bonds dated May 1st, 1920, and maturing May 1st, 1930, with coupon payable May 1st and November 1st.

¶ Bonds are in denominations of \$100, \$500 and \$1,000.

¶ The General Revenue and all assets of the Province are behind this investment.

¶ Investors may purchase these Bonds direct from the Department of the Provincial Treasurer, without commission of any kind or unnecessary delay in delivery.

Farmer's Column

ATLEE

The official agent for the Morning Albertan canvassed our town last Friday.

Miss Daisy Reid sister of S. J. S. Reid, arrived in Atlee on Saturday morning's train. From England. She will visit for a while, at her brother's home.

Mrs. Geo. Brussard went to Bassano last Thursday, to consult an M. D. She returned on Monday.

D. J. Doran, of the Prairie Lumber Co., made his usual call to our yard here on Monday last. He was well pleased with prospects.

M. E. Tuttle was a Calgary visitor last week.

The grading crew who have widened and extended the crossway east of town, pulled stakes the latter part of last week.

The gopher drive which was started last spring by the Atlee U. F. A., ended with their meet Saturday night. The 1st winner is Ajitor Dufort who gave in 735 gopher tails. The 2nd is Fredrick Westberg, 525. Prizes were \$5.00, \$3.00, \$1.00, 75c and 25c.

Messrs. Bjork and Nelson unloaded a car of coal last week.

Geo. Carson who used to be a resident of Atlee in his boyhood days, was in town Saturday to renew old acquaintances and look over some business matters.

A number of Atlee people boarded the Thursday train for western points, most of them stopping at Jenner.

V. Dufort and his son, Phil, drove to Jenner, last Thursday.

The Junior U. F. A. are planning a dance in Atlee Hall soon. Announcement will be made so every one will have a chance to attend and help make a good time.

J. S. Parker is having some breaking done on his farm.

VANDYNE

The concert and dance given under the auspices of the W. I. for the benefit of the hot lunch equipment for Jesmond and Bryant schools, was a success. The proceeds of the evening were \$60.00.

The regular meeting of the W. I. was held at Mrs. Kro-

mann's on July 8. A good crowd were present and the hostess served a bountiful lunch.

A Picnic will be held in Kennedy's coupe one-half mile north of Pat Giggins' residence. It will be given under the auspices of the W. I. on Thursday, July 29, at 11:00 a.m.

Mr. J. Young and family expect to spend Sunday and Monday with relatives at Bow Island.

Mrs. Leo St. Pierre left on Tuesday morning for Edmonton to spend the summer with her mother.

Miss J. A. Crandell, teacher of the Bryant school, is spending her vacation in Vancouver with her parents.

A number of Vandyne people attended the Cavendish picnic on July 1st.

Social Picnics

Mrs. G. H. Bones, and children, of Medicine Hat, are visiting friends and relatives in this vicinity.

The U.F.A. held a meeting Saturday night, July 10. Mr. G. Antrim acted as secretary. Reports of picnic committees were received and everything was progressing nicely.

The committee of the Women's Institute inspected the children's gardens on last Monday.

The dance at Harry Tucker's was fairly well attended but the threatening weather kept many away. The proceeds amounted to about half enough to purchase the wire.

The sports committee appreciated the assistance of those who attended, both by bringing baskets and by the purchase of the same.

Wesley Vaughan, left for Rochester on Tuesday of last week to undergo an operation.

Crops are looking fine. Early wheat is in head; and looks like a sure thing.

There will be an exhibit booth at the picnic. So bring along a sack of grain, grass, also vegetables. Show what the country will produce. Ladies are requested to help the exhibit by bringing in fancy work, flowers and specimens of culinary art.

Ball players and others, could be on the grounds on time as the program must run according to schedule.

The dance floor will be 30x80 feet, and lights are to be furnished by the Fairbanks Morse Co. 100 lbs. of floor wax and music by the band should make the dance one to be remembered.

The committee report that they have arranged for several bad brooks and a number of good riders.

Picnic Facts--cont.

are they going to do with the money? Who gets the graft? These are just a few of the remarks that our home show it was decided to have fifty cents for ribbons at the picnic. If there is a reason for this extra charge then no one is going to object and anyone who has been helping in the work of

preparing for the picnic and understants all that is involved is well aware that this extra charge is necessary, as the sum is prepared to have the picnic less worth while than it is going to be.

For the information of those who are at a distance and unable to attend meetings of the U.F.A., so as to understand

what the expense of this picnic will be, let us mention some of the items: 1st About 8000 ft. of lumber will be required. Next expense of nonpareils, Medallions, Hat boxes, hand, 1 mile woven wire fence for race course, coffee, sugar, prizes for races, music and tent for the dance and the advertisements. This expenditure will total \$2000. Do not forget all labor is donated. It is impossible to accurately compute what this would amount to, but it will take about fifty people for two days before and one day after the picnic, to say nothing of

of teams and auto trips. Those who have and are giving much of their time towards making the picnic a success (and most of the people in Social Plains are doing this) and are willing and glad to give their fifty cents for a ribbon as they realize that it is necessary. Surely those who have the pleasure and benefit of the day, without any or but little of the work connected with it, are going to be as ready to do their part and ask for their ribbon without waiting for someone to ask them to buy one. With the ribbon you get a booklet which contains a program of the day's sports and a history of the Forks country--they cost about 35c each to print. You also see four aeroplane stunt flights, have band music for the whole day and an excellent variety of sports. In the purchase of the ribbon you have your chance to do your bit.

If you consider that you do not get full value for your money, why just call around and tell us how we could run the picnic cheaper or how we can charge less and we will appreciate any advice or help along this line. We are doing the best we know, but are willing to do better.

Across the Plate

Mayfield took the game from Empress at the picnic and say they are now ready for all comers.

Somebody said come along gentle and have your loose change ready, and don't forget a few spare balls as ours are scarce.

Bill Scott says after the game on the hill he couldn't find a bag big enough to fit Pullin.

Mayfield seemed bent on pulling down our Church.

Kid Scissors was heard to say, "Please move back or you'll get your whiskers singed!" Must have forgot he was in the habit of pushing whiskers.

It required best attention to find the laces among the red at Mayfield.

Sparring says, "Look out

Ladies, I might make a hit."

Frenchy exclaimed, "Oh, out here that man, him out."

Snagw did the ump, stunt for anybody and Lloyd George, and so claim everybody heard him.

Tommy had one corner, one corner, one corner.

Let me remind with our moved because he called the pitcher, "sausage." Well, maybe he is.

"Is it Scott or Scotch. He's a prince, anyway.

It takes a good man to move a Church off it's base although he may be sturdy.

Southerman must have had a jolly game of cricket.

McLain seemed to know the game, but Johnny Walker would have pleased the crowd better.

It is said that Tom Rowles couldn't sleep until he had satisfied himself that none of the players had got lost among the rocks in the outfield.

Mayfield had a murrey - ground in the first innings, but they came to a slowup when Kid Scissors started to twist his snake ball. No, there was no chort of escaping Scott-free when the Kid commenced proceedings.

A. C. McNiven, left on Saturday, for Medicine Hat.
Born—To Mr. and Mrs. McFayden, July 11, a son.

Mrs. H. Reddy has been confined to her house, this past week, with ill health.

Mrs. N. McNeill, is reported as progressing favorably since her recent medical operation.

Miss Edna Peters is confined to the home of her parents with sickness.

Mrs. F. Botsford, left on Tuesday, for Banff and other points.

Mrs. A. M. Belfie had the misfortune to sprain her ankle, Wednesday.

Miss Lillian Hayes, left on Tuesday, for Vandryne, where she is visiting at the home of Mr. and Mrs. W. J. Handry.

Miss King, of Woodstock, Ont., was the guest of Mr. and Mrs. A. E. Galloway, for a few days last week.

We are tied up for space this week, but we think the diversion in the Empress-Alaskan road is a fine improvement and good comment is already heard.

The U. F. W. A. Local of Sharrow, postpone their Garden Party and Dance to a later date on account of the death of one of the members.

Alex Milne arrived in town on Monday, and is renewing old acquaintances. We are glad to see him back.

Mrs. R. M. Henderson, and son, Welland, left for Swift Current, on Wednesday. Welland, who has been suffering from ill-health, is to undergo an X-ray examination at the hospital there.

Mr. A. G. Pybus, of Searforth, Ont., was the guest of his brother, Rev. G. G. Pybus at the Manise over the week end. He was favorably impressed with the appearance of the crops in this district.

B. L. Dawdy announces that he has disposed of his jewelry and optical business to Mr. J. A. Toombs, of D. E. Black & Co., Calgary. Mr. Dawdy will still retain the pianoforte agencies.

R.M. of Minto

Minutes of meeting held, July 3rd, 1920, in the Orange Hall, 10, 26, 29, w 3rd at 10 a.m. Present, Reeve Ardell and a full council.

Report of Delegate to Convention at Saskatoon Land Settlement Scheme. C. Rowles reported that he attended the Convention and that some very interesting addresses on dry farming were given. That everyone was agreed that there was a danger of a famine in foodstuffs on the N. American continent in the near future, unless steps were taken to open up the land, and the tendency to vacate farms for the towns were arrested. Very few municipalities were represented and in his opinion the movement appeared to be one among the owners and dealers in real estate to boom their holdings rather than an effort to help the farming community. He did not advise that this was a movement in which the Municipality should contribute financially.

A letter read from the West

Central Land Settlement Association, which is practically an off-shoot of the above asking for a delegate to a convention at Kerrobert on the 22nd inst., and for financial support, was tabled until further information should be forthcoming.

The results of the Gopher Contest were given in:

Walker—That the cheques for the Gopher Contest be sent to the Teachers of the S.D.'s with a copy of the rule affecting the same and a request for a report as to what purpose the money was expended. The individual prizes to be sent direct to the winning child.

Walker—That \$300 be advanced to the Alaskan S.D. on account of current levy. Jones—That the current levy S. Flaxcombe Telephone Co., be paid.

The finance committee examined the accounts presented; the following were found correct:

Road Survey—Messrs Murphy & Underwood, field work, 502.40; Thos. Rowles car, 60.00; Board \$8, 68.00; J. Tschabold, car, 112.00; Miss Harnett, board, 16.00; B. Harnett, car, 232.50; J. Underwood, expense account, Div. VI, 31.00; J. Underwood, expense account, Div. I, 21.00; J. Underwood, expense account, Div. II, 10.00; J. Underwood, expense account, 7.00. Total, \$600.00.

Govt. Relief—Beaver Lumber Yards, No. 1, 54.75; No. 6, 18.40; No. 4, 19.15. Total, \$93.30.

Roads—Div. VI, C. McAll (continued next week)

"Stop at the garage and fill the crank case with Imperial Polarine heavy. The Imperial Polarine Chart of Recommendations specifies this grade, and we have found it to be the best lubricant for these trucks. Fill the tank with Imperial Premier Gasoline while you're there."

A Grade for Every Type of Motor

IMPERIAL Polarine provides good lubrication for all types of motors and all motor parts. Extreme high engine heat does not affect its body—exactly the right body to seal in compression, conserve power and get the most from fuel. It burns clean.

Imperial Polarine coats and cushions each moving part and follows through at every joint and rub. Reduces wear, makes each part function smoothly and ensures long life and service to your motor.

When you stop for oil ask to see the Imperial Polarine Chart of Recommendations, which shows the right lubricant for your car. It is on display wherever Imperial Polarine is sold.

Gallon and four-gallon sealed cans, steel kegs, half-barrels and barrels. Buy by the barrel and half-barrel and save money. For sale by dealers everywhere throughout Canada.
